Product Overview

Here you may find a product overview that has been generated via an HTML WYSIWYG editor that may include lists and formatted text (much more sophisticated options are also available: see the [PHPDocX documentation](#) *on the embedHTML and replaceTemplateVariableByHTML methods):*

Include here some description of the **product**.

☐ You may use lists if you wish,
☐ to offer a more clear description.

You will see your comments reflected in the output document.
